STEVE WILT
Business Manager

April 17, 2020

Dear District 7 Families,

Thank you for your support and patience in assisting our staff in continuing to educate your children through Remote Learning. Our school buildings are not the same without the youthful energy and bright smiles of our students. We miss them! **This afternoon Governor Pritzker announced he was ordering all Illinois school buildings to remain closed through the end of the school year.** I realize this raises a number of questions for you and your families. I assure you, we will be addressing all your questions in the days to come. As for now, please know that the District 7 staff will continue to support our students and families with our remote learning program. We will also continue to provide meals and serve as a resource for any other needs your family may have at this time.

Once again, my thanks to you and your wonderful children. Even though these are stressful times, your children are demonstrating character by getting up each day and participating in remote learning! Please encourage them to keep up the good work! We will get through this together.

Thank you,

John W. Corbett, Ed. D.
