

VOLUNTEER WITH THE YWCA METROPOLITAN CHICAGO

Are you passionate about empowering children? Do you believe that all children have the right to be safe wherever they are and with whomever they are with? Are you a parent or retiree who wants to make your community safe for all children? Do you yearn to make an impact in the community in which you live?

If you have answered yes to the above, we invite you to join the YWCA Prevention Education Team in the rewarding work of educating our children on how to keep themselves safe.

Our Prevention Team provides child assault prevention education to DuPage County students in grades K-8 and sexual assault awareness in grades 9-12 throughout the school year.

This family friendly volunteer position requires work in the schools alongside the education team. All programming is conducted during the school year except for school holidays, school breaks and summer vacation.

This is a great opportunity for parent who chooses to stay at home and has children in school during the day. This is also a great opportunity for those exceptional teachers who have retired and miss being in the classroom.

We are looking for individuals who....

- Are available during the school week when children are in classes.
- Can commit to a minimum of two-three flexible days a week.
- Has reliable transportation.

Schedules are prepared one month in advance to allow for the flexibility of childcare/family/other commitments.

We are actively seeking to expand our bilingual team and WELCOME bilingual speakers.

A degree or background in sexual violence education is not required. Training will be provided for you by our incredible prevention team.
